Coös County at 603-246-3321

Share your views!

*In just a few minutes, you can share your comments about
broadband availability, affordability, and quality of service.*

Coös County is conducting a county-wide broadband infrastructure mapping study. The information collected will help to make decisions about investments in our future. We have asked broadband providers to send data on service coverage, schedule of rates, and available services. These maps will be available for inspection and review at **Open House Events around Coös County**. In addition, to supplement the mapping, we are interested in learning about your experiences with broadband at your business and residence.

OPEN HOUSE DATES

May 4th, 4 pm to 7 pm | Lancaster Town Hall 25 Main St, Lancaster

May 5th, 4 pm to 7 pm. | Colebrook Town Hall, 17 Bridge St, Colebrook
