BOARD OF HEALTH

Health conditions in this community have been exceptionally good during 1939. There were no epidemics and very few contagious diseases except colds. There has been only a few absences from the schools on account of illness. Pneumonia has been much less prevalent during 1939 than in former years. The milk and water supply have both been very satisfactory and a few suggestions regarding the care of milk and containers have been carefully carried out.

Respectfully submitted,
W. F. NOYES, Board of Health

AUDITORS' REPORT

This is to certify that we have audited the records of the Tax Collector for the current year, and find all taxes accounted for. We have checked the revenue received from the Town Clerk for motor vehicle permits and dog licenses. The Selectmen's orders and receipts were checked with the vouchers and Treasurer's cash books, and were found correct. The Treasurer's balance in the Farmers and Traders National bank was reconciled with the Selectmen's cash book balance, and was found correct.

EVELYN M. HENSON,
VILLA W. HARVEY,
Auditors.

REMARKS

In order to clarify two or three items in the town report a few words of explanation are necessary.

(1) The Building Committee were authorized under Article 11 in the Town Warrant of March 14, 1939 at which a favorable vote was taken, to pledge the credit of the Town in a sum not exceeding \$9750.00 not to be repaid until the present indebtedness of the Town had been paid in full, however, the Committee found it rather difficult to get a loan with a favorable rate of interest in as much as nothing was to be repaid on the loan until after 1946 which is the time the last installment on the issue of Town Bonds becomes due. Consequently, the Selectmen advanced the Building Committee the required amount from money which they had on deposit and on which they were paying a little less than one half of one per cent for an interest rate. This method saved the Town in the current year a sum of between two and three hundred dollars in interest which seemed to be for the best interests of the Town in both the opinion of the Building Committee and the Selectmen.

(2) On the 1939 report, a sum of \$10000.00 was shown on the Financial Statement of the Town, as being due from various insurance companies in payment of a total loss upon the Town Hall. No account was made in this year's statement as the Selectmen complied with the vote of the people under Article 11 of last year's warrant and turned over to the Building Committee the sum of \$10000.00 which was on deposit in the two Savings Banks and not in our regular checking account.

(3) We had a rather high overrun on our regular Town Maintenance of Roads this year, due to unforeseen circumstances. However, over \$1200.00 of this overrun is offset by the renting of Town Equipment to the State and also due to the fact that we charged each Road Agent the current rate per hour for every time that they used the Town Equipment in the regular maintenance of the summer roads. The above amount of money has been credited to the receipt side of the ledger and is now included in cash balance now on deposit in the Farmers and Traders National Bank.
