SELECTMEN'S REPORT

The year 1974 was a busy year for all Town Departments and one in which some projects were completed and others started. The July 1973 flood damage repairs were completed in November and we are awaiting a final audit by the Federal Disaster Relief Office which must be completed before we can receive the final payment from the Federal Government.

The road to the Upper Connecticut Valley Hospital was finally paved as was Dumont St. In East Colebrook the road was resurfaced with T.R.A. funds under the direction and control of the State Highway Department. We are hopeful that this method of surface treatment for these country roads will prove to be the best method over the years.

This year saw the completion of the Manchester Manufacturing Inc. new factory on Gould St. and with the completion many new jobs for the areas residents became available. The Water Co. completed its water line extension to the factory site and installation of the line made possible a loop connecting Colby St. and Bridge St.

The Town Hall renovations were completed except for the painting of the outside of the building. William Cummings, the contractor, did a fine job and this building should now serve Colebrook for many years. Rents from the School District and the District Court will pay the outstanding construction debt and the taxpayers will only be asked to raise money to maintain and operate this building. Provisions were made during construction for another floor that would be reached by way of the stairs which originally went to the balcony. The Town was fortunate to obtain Federal Crime Commission funds for the purchase of new courtroom and police department furniture and carpet in the courtroom. The Selectmen would like to acknowledge the very generous gift of furniture from Beecher Falls Manufacturing for the town officers' and town clerk's office.

During 1975 the reevaluation of real property in the Town will be completed by the State of N.H. Department of Revenue Administration personnel. A tax map of the town will be started using available Federal manpower funds. All the towns will be required to have such a tax map by 1980. By July 1, 1975 the town will have to have a plan ready for changing the present method of solid waste disposal. The Selectmen are investigating alternative methods such as an incinerator or land fill. Townspeople will be asked to consider flood plain zoning at this year's town meeting. Town welfare costs continue to be low but with

the uncertainty of the economy 1975 may see a drastic change in this picture.

The Selectmen wish to thank the employees of the Town and all of the citizens for helping to make their jobs easier during 1974.

LIBRARIAN'S REPORT

For the first time Colebrook Public Library has fully met state standards for small public libraries. The Library was up to standards in all aspects except the required number of hours open to the public. In August we increased the hours from fourteen to twenty. By meeting these requirements our expenses have increased.

We now belong to the White Mountain Regional Library Cooperative which gives us access to materials located in Lancaster in addition to the bookmobile office in Littleton and the State Library in Concord.

Hours: Monday — Saturday 2:00 — 5:00 p.m.
Friday Evenings 7:00 — 9:00 p.m.

December 31, 1974	\$ 4,923.71

This fund was established in 1970 for the purpose of building a new bridge on Pleasant Street. At the 1972 Town Meeting the Town voted to authorize the Selectmen to use any unexpended monies in the fund for repairing and rebuilding other bridges within the Town of Colebrook. In 1973 \$3,929.07 was applied to the reconstruction cost of the Ouimette Bridge over the Mohawk. In 1974 the Bridge over the Mohawk known as the Washburn Bridge was rebuilt. During 1975 the Selectmen expect to expend the balance in this fund on the bridge at the Government Woods Road over the Mohawk. The State of N.H. condemned this structure in the Fall of 1974 and the Town must make major repairs or replace it. When this is complete all of the Town bridges on the Mohawk with one exception will have been completely rebuilt or undergone major rehabilitation within the last three years.

REPORT OF THE FOREST FIRE WARDEN

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

**CONNECTICUT VALLEY EFFORT
TO SERVE THE CONFINED EFFECTIVELY
CONVALESCE**

**Report of Services Rendered
in the Town of Colebrook**

CONVALESCE is one of the forty New Hampshire community health agencies whose purpose it is to provide health services to people in their homes, and to help both sick and well people to attain and maintain health.

One of the advantages of a locally controlled health agency is that its services can be developed in response to local needs. Our Board of Trustees is made up of your friends and neighbors, and they are willing to listen to and act upon your suggestions and comments.

Last year our home visiting program served about 25 new patients monthly. A total of 1,148 home visits, providing nursing, physical therapy, personal care, homemaking, and health and welfare information, were done in the town of Colebrook.

Community-wide services included expectant parent's classes which touched the lives of about forty families. These sessions are held in the fall and in the spring, and are open to anyone who is interested.

This spring, immunization clinics will be held for all pre-school children from the age of two months up. We hope to eventually hold these clinics on a monthly basis, and to expand the services offered within this program to include various health screening tests and informational services.

Family planning services are also being planned for, to be available in the spring.

Community services are generally free. Home visiting services are often covered by Medicare, Medicaid, or special state and federal grants, and sometimes by private insurance. Those not covered by these are charged on a sliding fee basis geared to the financial capabilities of each patient. These free or partial fee services result in our dependence on the towns we serve for financial aid. Contributions this year are especially important, as they will help us obtain matching funds to continue and expand homemaker/home health aide services, as well as our maternal and child health services (immunizations program, expectant parent's classes and family planning).

Thank you for your continued support of our activities.

Respectfully submitted,
LOUISE PARISEAU FULLER, RN
Executive Director
